To Honorable Robert E Gerber

Let me introduce myself. First, I'm

Jim Handy 63 yrs old, Retired ERCA G.M.
Later To be Delta et. I've been retired
since 1996. I AM A VIETNAM Vet. Father
of 1 son/2 Daughters. with 4 Grand Sons. I
MARRIED Sharon 42 YEARS Ago.
Love my Country. But I don't like what's
going on without saying my part.

As you know The General Motors Company
Filed Bankruptcy To get rid of its Bad Assets,
including its Benefits for Retirees, (we were a
Bad Asset, As They stated. But As I Look
Back and Hope you do also. There was
The perfect STORM 1. Bad economy
2. Deal with The UAW 3. Unwanted plotted Plants
4. contracts For Benefits and Retirees & Debt.

GM The Largest Company in The world
went Thru A Bankruptcy in 29 Days,
They Got The UAW TO Buy into The company
with Their Benefit money except for one
Thing The UAW used our Steelworkers / I've
Est. Money TOO. I personally paid in \$40⁰⁰
A month so my wife could have full payments
should any thing happen. The UAW Then
Kicked All The other unions out of Their
Plan (Deal made) I Think so. The other
unions Asked The gov for money to fund
our Plan. (For SWA + IVE.) The Fed TREASURE
IN court STATED "we Have no money for you"
I Believe They (Feds) wanted our Benefits
To Fail so we would support OBAMA CARE,
The storm Rolled on. GM Got Bail out
money we got none, we had ~~A~~ contract,
BUT Didnt The AIG Reps get millions each
Because They Had a contract?

3. Now GM Got Rid of all its Polluted
PLANTS For Free, [Bad Assets]

4. Now The PERFECT STORM is Raining Money
on The Bad Assets

except The most important it People especially
The Retirees who can not Do a Thing ABOUT it.

To give you a glimpse of what They Did

I now pay \$140⁰⁰ A month For my insurance

And Have A yearly Deductable of 5000⁰⁰ For

me and my wife on a \$2300⁰⁰ A month income

"One Bad illness and were Broke I have

2 co workers This year who committed suicide.

All of This is X all of The Retirees we pay for
our perscription too.

Now Comes in Motors Liquidation IF my
intuitions are correct Like all The other

companies That SPRING From G.M. I'll Bet
There are plenty of Friends of The Family
in The Liquidation Co. [A good Asset]

(4) To sum this up I can say
The Executive Branch Let us sink,
The Legislative Branch Didn't Legislate,
so The Judicial Branch I pray
Does what's Just.
